All the letters we've sent to his mangers (not Don) clearly stated that the interim approvals would need to go through public comment, ESA and Tribal consultation so if it took them by surprise and are upset they should just read their mail more closely next time.

Hi Allison,

Don specifically requested the meeting. I think we should go ahead to make sure he fully understands. His management was surprised and upset and he may be feeling responsible for the misunderstanding.

Hi Jayne--

I noticed I have something on my calendar from you tomorrow to discuss what parts of OR's program

need to included in public notice with Don Yon. What's the purpose? Is there a reason we have a separate meeting for this when we discussed with the state last week and will mention again on the managers call on Wed?

Allison
